Emam W. D. Muhammad

7-24-77

9/ H.Q. Shin - Sun
 firmament - sky -
 1-10 soul - propertioned + ordered
 Western thought does not think of the
 soul having a definite structure
its enlightenment of wrong

H.Q. The Cities
 two paths - uphill + downhill
 steep - freeing the bondsman
 giving to the orphan
 indigent - down in dust - misfortune
 Belief - must grow from something that
 was already in us

People say Muslims spend truth with sword
 but H.Q. says punish the violent, gangs
 those that threaten

look at God's Mercy in putting such strong love
 in parent for child. Great love in
 mother to sacrifice her life for child
 yet she has it in her to be firm if she sees
 the child destroying himself

Color, Masculinity, Femininity,
Most serious problems we have is nature
Nature has become our most serious problem
things that don't even trouble primitive man

Leadership in individual - family
Lib - Women, Homo, Divorce

What is behind it?

I have been short change - women
I want equal opportunity - homosexual
to carry myself as homo

If everything is permissible then we don't
need religion.

A Homo would call a deformed man a freak
yet he don't want to be called a freak.
Lost contact with common sense, we have
philosophized ourselves into insanity
Can't be equal in every sense

A man can be born physical in a former society
doesn't accept, but he must still identify with
mind

A frail person who is strong inside gives a strong image
Allah has not made us a slave to matter
Most homosexuals + freaks in their mind,
home environment, society, ignorance

Don't give license to wrong

Don't let nobody tell you what to do with your body.
your body - you can't even buy it!

Abortion - woman has rights - falsehood

Men invest himself in women's body - debt
Can't ignore man's rights

Supreme court →

This society gives all its attention to women,
when a society sees that it can't satisfy
the man, it takes the course of destroying

Destroy man, save women
~~rob~~ jobs, fatherhood, masculinity

Women's nature to give herself to security
Western women see deprived weaklings in this
man. Women only trust selves.

~~The~~ Pioneers thought wealth would be abundant

Hungering for positions of superiority, because
no faith in future

A.Q.

Superior is most righteous.

Envy - Jealous - If I had if, if

Thank God that you are a human being
Best Creature practice good deeds.

Who can give you happiness - God.

but the key is in your own hands,
Make your heart + your mind right.
Make a commitment to Truth.

You will start experiencing miracles.

You don't have to know God, that will bring you into the hands of God.

Allah - Al Haqq - He must give it to you, you can't earn it.
You can't get Allah, He has requirements
first give yourself to Truth -

If Blackness was the thing to teach, the most qualified to teach would be NOT.
This community has been blessed with more truth on blackness than anyone

Naming of Continents - come recent imperialistic history - empire building

Asia - kept their traditions + culture

Increase Knowledge of Allah, H.Q., Prophet, Muslim World

Feed your intelligence + life will arise

Every Muslim should study the Al-Fatihah ^{Know it + Say it}
Night = Day = Night Ignorance = Night = Day

Why would God take know.

If you use the tool wrong, He takes it away
God rotates the rule in the world to -
show who is worthy - lesson -
color doesn't make a just rule
it is your hearts.

Light

main purpose of scripture is to save the life that God has created for us

The Origin of human life is in moral life
once we leave moral life we die,

Check Beginning Abraham - Mission - digging wells

wanted the people to bring up morality

Formula for preserving our lives:

Life can't grow in polluted water.

Make your moral strong

4 rivers out from garden, became heads

Man charged with keeping garden

In Society \rightarrow Religious Community

In Individual \rightarrow your Conscience

you should make everything follow
+ obey God.

\rightarrow the 5th is the garden

Religious or Conscience

Rational \leftarrow

Moral \leftarrow

Spiritual \leftarrow

Material \leftarrow

but Satan begins to
divide and conquer
these parts

5 Fingers - most important thumb

Fish as Christian Sign

John baptised in Water - peaceful moral

Jesus baptised in Fire - fiery moral

fishermen of men - wanted to pull out of unfit water
on to land

or onto Air - spiritual teaching
Jesus questioned the ~~moral~~ laws not
establishes them.

Spirit comes even before that moral base
but we can't build society with spirituality
must first a moral base.

Individual becomes a living soul by
God's breath

Babies come first with a spiritual inclination
but with a little age we must appeal to
their moral base.

To structure society, we must have the
moral base

Man Rational life
then Spiritual life - not just a sensation, but
Bird a disciplined life.

We can live spiritual life like the bird
in the air, the bird follows a road.

The bird has a superiority
the Material - Beast.

4 rivers - 4 fingers - society divided against itself

The main purpose of the Creation is to teach us
the end of creation is the message

Revelations, 4 Creatures that Daniel saw, that Ezekiel saw
none were fish, creature like the sound of many water
ship went up - off the material plane
onto the spiritual, not a moral being

Count the number of the Beast, it is the number
of the man
Look in chronicles - same number appears
as wealth, occurs earlier.

If you give your life forces to material
eventually your form will be dead +
subject to the influences of the world
Beast will speak to the people

The voice of Materialism - ^{communism China}
^{Russia}
^{USA}
this voice will shock our dead consciences
and wake us up to the problems

This is the end of time.

earthquake - social quake

Don't play scripture cheap

W.D. Holdover

Hostess Uniform

New York - debt is heavy, come together as one Masjid

Emam Pasha - Things Coming

Holy Quran - most valuable authority (#1)
Prophet - most valuable human example (#1)

Religion

Prophets - usually men of small means, most highly valued before their mission

10:16 - Prophet remind people - that if he would not lie on men, surely he wouldn't lie on God

Tradition - when letters were sent to kings proclaiming the Prophet, Hiraehales asked how was he before this prophethood - EL-AMIN

In histories of other Prophets we see this parallel of acceptance before mission, then denial after acceptance of mission by prophet.

Each people have one raised in their midst. God doesn't send strangers.

It is inconceivable, that prophets could come and effect such change + be lying.

Prophets come ~~against~~ ^{contrarily} the trend.

~~Not~~ expecting no material gain, and then are successful.

EX: swimming up stream, against strong current
little respect + regard for other past successful people - Hitler, Napoleon, Nixon
but respect + obedience remains with Prophets

This shows there is a power behind the Prophets that is greater than human power.

Al-Islam sees religion as one — to overcome all religion, not religions. This tells us that religion is a development.

Next week - differences in religions.

W - Asr

The Time

103

وَالْقَمَرِ

إِنَّ الْإِنْسَانَ لِفِي خُسْرٍ

الَّذِينَ بَيْنَ أَصْنُوفٍ وَكَمَلُوا الصَّالِحَاتِ

وَتَوَارَافُوا بِالْعَمَلِ

وَتَوَارَافُوا بِالصَّبْرِ

Time Through the Ages

Revealed during early years of Mission

Speaks to purposeless life that goes to waste

Material accumulation without human development

person is not slave.

look through history - verifies

Asr - Mid-day Prayer

Wa - By ab - The - Asr - Time - long period

in reading Quran, last vowel sound not pronounced

Pagans - often worshipped Time - saying
nothing can destroy us but time
When Allah created motion, He created time
Root word of asr - means assistance, aid.
So time assist + aids God in His plan

Verily Man is in loss

Al In~~San~~ - a specific kind of man

~~Kash~~ 11:11 - evil praying man, hasty man

18:54 - quarrelsome man, contentious

36:77 - aversary man, ~~contentious~~

70:19 - impatient man

→ efforts we put toward evil, we ^{should} put to good
Material minded nations + people when become
powerful, forget human concerns

When we read Quran, the arabic would show
us that the man we speak of in these verses
is not Al Nas or All Mena but ~~Al~~ In~~San~~ - a specific man.

Kush - a state of loss

those that deny the meeting with their Lord
end is perdition, ruin

After this Surah tells us how we lose, it tells
us how not to lose.

Have Faith and Do Righteous Deeds
but not enough on individual level,

Join People unto the Mutual Teaching of Truth

and Exhort One Another to Patient + Constantly
Can't go to God complaining about trials
Must endure, and be steadfast -
Do not distinguish between wealth + poor times,
because the true reason for life is service
to God + humanity

1st Preference to Dawwah Team in W'Asr
Have Faith, Lead a good life, then Propagate
Stop the lost in human lives.
Stop the lost in those who accept + leave.
Stop the lost in lives who haven't heard teachings

What is a woman?

Human beings require more protection than any other creature!

Worse than death, is living death
everyday must face ugly, hostile environment
No trust of wife, neighbors, government

Don't worry about death, we are already dead

Must get out by following natural directions.

Miracle seen in fact, ^{Head} will react.

40 Hadiths 7; 11; 19

(27) Righteous is good morality, + wrongdoing is that which wavers in your soul + which you dislike people finding out about!

(30) dislike people finding out about!

(41) inclination - nature, character, a turning of the mind in a particular direction.
